What is the Massachusetts Highway Association?

The Massachusetts Highway Association (MHA) is an umbrella organization that encompasses seven regional highway associations: **Barnstable, Berkshire, Essex, Norfolk/Bristol/Middlesex, Plymouth, Tri-County, and Worcester.** Founded in 1893 with a membership of 51, the association today boasts a membership of more than 650.

Who are the members of the MHA?

The membership is comprised of highway officials, including directors, engineers and superintendents involved in all phases of highway related activities.

What are the benefits of MHA membership?

In addition to the fellowship and interaction among highway officials, MHA members benefit from:

- Updates about Federal and State public works programs;
- Three annual technical seminars;
- Networking;
- Legislative programs and interaction;
- Continuous exchange of ideas;
- Annual New England Public Works EXPO;
- Semi-annual newsletter;
- Historical calendar with county meeting dates.

How do I get more information about joining MHA?

Complete the attached application and mail to MHA Secretary David Lane, P.O. Box 2004, Danvers, MA 01923. Additional information, including dues, will be mailed to you.

What are some of the activities sponsored by the MHA?

There are several programs sponsored by the MHA, the most visible is the New England Public Works EXPO which is held in September. This two-day event attracts vendors, buyers and public works officials from throughout Massachusetts and the New England states. As the major fundraising endeavor the annual EXPO funds a majority of MHA expenses throughout the year, including the driver skills training state championship finals. Other funding comes from yearly dues and a long-established trust fund.

The New England Public Works Expo

Other MHA sponsored activities include a yearly scholarship program for children and grandchildren of MHA members. The members of the trust fund oversee this important program with awards presented at the annual meeting in May. There is also a legislative committee that tracks and testifies on legislative issues that could affect the industry.

Recognition & Awards

During the annual meeting of MHA, members and vendors are recognized for their contributions to the industry and to the MHA. **The Francis Granger Award,** established in 1989 is presented to an associate or active member, currently or formerly engaged in the highway field, for outstanding and meritorious achievements. **The John Kiley Vendor of the Year Award** goes to a vendor who has demonstrated a commitment to the MHA during the previous year.

Please send me more information about joining the Massachusetts Highway Association.
